# WE DID...

Our standard induction has gone through a thorough inspection, and has been updated to ensure these key topics are covered within every NC Group course. Staff have also been given CPD around how to best reinforce these key topics throughout your programme of study.

Tutor CPD has been focused on innovative ways to provide appropriate stretch and challenge to all learners, to ensure you get the most out of your programme of study, and we get the best out of you.

We have placed huge emphasis on progressing you on to the right destination suitable for your goals. We have now included job-boards online and in classrooms, have regular involvement from careers services, and provide an after-care service to make sure you have reached your desired destination.

Our recruitment correspondence has been updated to ensure that all information given out at any stage is consistent with your experience in the classroom.
